History Scribe

Bring History Alive Write and Draw to Learn!

When your children draw, they learn. When they narrate and write out facts and information in their own words, they learn. That is the simple secret behind History Scribe books.

Just reading facts and information from history books or watching videos can be easily lost with most children. They may remember bits and parts of the information, however without a hands on, retelling of the learning process in their own words, sometimes, this knowledge is easily lost.

However, children learn well when they are motivated to create lively illustrations and write narrative reports in their own words describing the events that shaped our history. Even a reluctant child will spend quality educational time creating their own versions of history facts that they will remember. It's like a comic book of history that they are the authors of. Your children will love *History Scribe* books!

Each page is printed single sided, so that markers and pencils will not bleed through. Sturdy solid heavy weight paper provides a wonderful medium for your little scribes. If you are using the CD version, please remember to use a good quality paper through your printer. We suggest a heavy weight text paper such as 24# ink jet paper or even a lightweight Vellum Bristol cardstock. You don't want disappointment when your little scribe is creating a masterpiece.

We encourage you to utilize the *History Scribe* books into your current history study. We have created topics that represent both historical facts and timelines as well as topics such as daily life, costume and dress and the architectural structures and masterpieces that represent the time period. You will find *History Scribe* books to be a perfect compliment to your study. We have provided several blank pages in each book that you can use to fill in any specific topics that you want to address with your children. We have looked through many home education curriculum packages and books to create a flexible and complimentary book to your studies.

Also, there are maps of the regions discussed in each book to help your children get a good overview of the region as well as a blank display page for special diagrams or drawings.

Visit our website at www.TheHomeschoolShop.com to learn more about *History Scribe* books and CDs and to see examples of other children's works. Remember, there is no right or wrong with *History Scribe* books. Your children will delight in bringing history alive in their own words and writings. We know that you will love these books and your children will too!

Greek Architecture

The Greeks were great lovers of beauty and their architecture shows this. The types of support columns they used represented three major styles of building. Known as Doric, Ionic and Corinthian, these styles continue to be popular to this date in building styles.
